### At Method of Choosing The Officers of Primary.

Some Candidates Not Consulted But  
They Acquiesce in Action of  
the Committee.

### OFFICERS AND THE PLACES

While there has been some quiet talk among candidates before the Democratic city primary, called for next Thursday, about the action of the committee in selecting the primary officers, no formal objection will be made so far as is known.

The officers were named by Chairman W. A. Berry, who submitted the list to the other members of the committee, and they ratified the list. The selections were made while the chairman was at Smithland. He returned Saturday.

He had called a meeting of the committee but was detained in the circuit court of Livingston county, and as time was pressing adopted this manner of choosing the officers.

Ordinarily candidates are consulted about the officials in the wards in which they run, but some of them, at least, were not let into the secret, which leaked out Saturday night.

The fact that a man, whom Judge Puryear held to the grand jury, is named as sheriff in one precinct led to inquiries. Judge Puryear said that while he was not advised until Saturday night of the action of the committee, he is satisfied the committee acted in good faith and he has the utmost confidence in Chairman Berry.

Judge Berry, ex-officio chairman of the committee submitted the list to the other members of the committee, and they approved his selections.

The officers appointed for the various precincts are:

Precinct No. 1, Butler's—Sheriff, H. F. McGee; clerk, R. J. Wilson; Judge, W. F. Goodman and J. D. Barryman.

Precinct No. 2, South Side first station—Sheriff, J. Marion Clark; clerk, L. J. Cothren; Judges, W. D. Scott and John C. Sheehan.

It is the daily average circulation of a newspaper that the shrewd advertiser investigates— "High Water" days don't count. The Sun's daily average last month was 3940.

Mann Clark and Gus Rogers approved all the selections.

### FOLLOWED HUSBAND.

Wife Ends Life After He Commits  
Suicide.

Greenfield, O., Sept. 17.—Mrs. Wilbur Achor, whose husband shot and killed himself recently, killed herself last night by cutting her throat. She had been despondent since the death of her husband.

## LITTLE HOPE

### FOR RECOVERY OF CAPT. GEO. O. HART.

Well Known Hardware Dealer and  
Former Steamboat Man Is on  
His Death Bed.

Little hope is extended to the family of Captain George O. Hart, head of the firm of George O. Hart & Son, hardware dealers, and he is lying on, what is believed to be his death bed, at his home, 913 Jefferson street. He is 70 years old and suffering from a general collapse.

While he seemed to be resting comfortably this morning, his attendants said he is gradually sinking and the end will come in a few days. Captain Hart has been associated with Paducah business life since the close of the Civil war and nearly every hardware dealer in the city learned the business under the veteran merchant.

When Captain Hart first came to Paducah he was engaged in the steamboat trade, operating a packet line between Louisville and Memphis. He is a native of Pennsylvania but was raised in New Albany, Ind., where for a few years he conducted a drug store. An unusual talent for commercial work has made him prosper in every undertaking.

## SUICIDE

### ENDS TROUBLES OF EDWARD WARE, FORMER MERCHANT.

Drinks Wood Alcohol and Passes  
Away in Grocery at Fourth  
and Jefferson.

Edward Ware, 44 years old, bookkeeper in a tobacco warehouse, and son-in-law of the founder of the Maxon's mill, committed suicide this afternoon at 2:30 o'clock by swallowing a dose of wood alcohol. He was found in a wagon yard at 416 Jefferson street by Charles B. Whittemore, of the firm of Rouse & Whittemore, and carried into their grocery at 400 Jefferson street. He died 30 minutes later.

He was administrator of the estate of his mother-in-law and was fined in the county court a few days ago for failure to settle at the proper time. He also was trustee of the estate of the Roberts children. It is believed he was financially involved and despondent. He leaves a wife and one daughter who reside near Maxon Mills.

Edward Ware once conducted a clothing store on Broadway between Third and Fourth streets. He was not a drinking man.

Ware was ruled to settle the Maxon matter in county court today. The amount involved is \$1,100. He was in Wheeler, Hughes & Berry's office this morning.

### Railroad Shop Strike.

Chicago, Sept. 17.—Sixteen hundred machinists and blacksmiths of the Wabash railroad struck today because their demands for an advance were refused. Four hundred quit at Springfield and 150 at Fort Wayne, Ind.

### Carpenters' Demands Met.

## ROSEY POSEY GIRLS ARE ALL STRANDED

### But They Don't Blame Paducah a Bit.

They Tell Their Troubles to the Police at the Station and Fear No Evil.

### PART OF THE CARNIVAL SHOW

Violet Moore, May and Mattie Lorraine, three girls of more than passing personal pulchritude, visited the city hall this morning with a tale of woe. They are stranded, but fear no ill results because they feel Kentucky hospitality will not let them suffer.

"We are the Rosey Posey dancing girls at the labor carnival, and the Earl Sisters are the vaudeville actors, singers and dancers. They too, are stranded. We had a contract to receive transportation back to Chicago and we did not get it. Other members of attractions are in the same boat with us, but three got positions on the Casino stage at Wallace park. They are acrobats and contortionists. We came to the city hall because we know the best thing to do is to tell your troubles to a policeman. We found a sure enough one when we ran across the big chief, Mr. James Collins."

"We are thinking about giving a benefit and if we do not find an angel to put us into home again, will have to resort to the benefit," they concluded. "Paducah is not such a bad town and we rather like it, except for our present condition. We do not blame the town, however."

### DIES OF FRIGHT.

Young Woman at Bends, Meets  
Fearful Death.

Jackson, Tenn., Sept. 17.—Bemis was thrown into a fever of excitement early last night by a deplorable tragedy. About dark yesterday Mr. Shet Morton, an employee of the mill, returned home from Jackson in an intoxicated condition and began to raise trouble with his family, most of whom have been recently ill. Miss Lolly May, his daughter, aged about sixteen years, was so thoroughly frightened at her father's actions that she dropped dead. (The young girl, and her sister, Miss Lou who is about twenty years of age, were in a room together when Morton reached home. He entered the room where the two girls were and began to abuse and threaten the older one. Finally he struck her with a buggy whip. The younger girl began to intercede for her sister, but this seemed to enrage the father all the more. Finally, in an outburst of rage, he seized the older girl by the throat and the younger one, who had been lying on a bed, raised herself to her knees and tumbled off on the floor dead.)

### Not a Bone in His Body.

Brooklyn, Sept. 17.—Born without a bone in his body and absolutely helpless, Antonio Congro, who lived 21 years, is dead. From the day of his birth until death, Antonio never was out of his cradle. He could see, but could neither hear nor talk, and was powerless to move hand or foot, although perfectly formed.

### Two Jags in One Day.

H. B. Bagby, of Mayfield, seemed to be having bad luck in Paducah. He was fined this morning for being drunk and released from court. It was less than an hour after he was discharged after paying the fine of \$1 and costs, that he was arrested again. The load he carried necessitated the assistance of two policemen. Bagby lost his wheel during the ramblings of his first jag.

### Hearst May Be Indorsed.

New York, Sept. 17.—Exhaustive inquiry indicates, as matters stand today that William Hearst's chances of securing the indorsement of the Democratic convention at Buffalo, are greatly improved. Even some of the strongest opponents admit that opposition is disorganized.

### Grand Dukes Leaving.

St. Petersburg, Sept. 17.—A general exodus of Russian grand dukes from here set in following the death of General Treppoff, who was virtually director of Russia for months, owing to fear that fresh troubles are bound to break out.

### GOVERNOR BECKHAM

#### SPEAKS IN PADUCAH

ON OCTOBER THIRD. Governor Beckham will be the first candidate before the state Democratic primary to speak in Paducah. A special from Frankfort announces that the governor will make an address in Paducah, October 3, at 8 o'clock at night. This is the night before the immigration convention, which the governor probably will attend, and during the horse show. Governor Beckham speaks at Mayfield tonight.

## CRUISER PADUCAH ENGAGED AT CUBA

### Little Ship Plays Important Part in West Indies.

Troubles Among Island Natives Delay Trip to This City to Receive  
Silver Service.

### HAS BEEN NEAR SAN DOMINGO

Paducah, just now the center of news in Kentucky with her immigration conventions and horse shows and other enterprises, is going one better and is looming up in the war news—the present vital question of the United States and the West Indies. It is the city of Paducah in the former while it is her namesake in the latter, the "United States cruiser Paducah."

The modern little armored cruiser is now at San Domingo, a short distance off the eastern coast of Cuba. If President Roosevelt twists the big stick in that direction the Paducah will be one of the first fighters to get on the scene. Already all shore leave has been cancelled both for her officers and men. Her gunners, sailors and marines are being drilled daily in landing party tactics, although they already hold the record for target practice for the fleet of nine boats in Cuban waters.

Many of the metropolitan dailies have been publishing pictures and telling of the complement and armament of the Paducah. Besides the naval office is placing much reliance on the cruiser and crew should force be necessary to end the struggle.

Perchance, by the time the Paducah visits the city of Paducah she will be a battle-scarred veteran and her name a word in the fighting history of the country.

As a result of the little war down on the tropical isle more time is apt to be added to the already long wait before the little cruiser can visit "her home," where a \$1,500 silver set is awaiting her, not to mention the receptions, welcomes and entertainment for officers and tars alike. The old town will be their's as long as they may stay from pantry to brewery and distilleries.

In answer to a dispatch sent by The Sun to Secretary Bonaparte of the navy several months ago, asking for information as when the cruiser Paducah would be ordered to the city of Paducah, it was stated that she probably would be ordered to this city as soon as a little trouble was settled at San Domingo. Now the trouble in southern waters again is apt to cause another postponement of the visit.

The "Paducah" is one of the most popular little cruisers among the naval men. They are proud of her equipment, accommodations and gun record and name. The word "Paducah" twists the tongues of many of the old jacks but they use it when ever an opportunity affords. As an instance among the mascots of the ship are a pair of little twin monkeys, named "Little Paducah" and "Hacudap" which is just the same when spelled backwards.

### TRAFFIC DELAYED.

Illinois Central Wrecker Busy All Day Saturday.

The local Illinois Central wrecker returned Sunday morning from Gols-ton, Ky., seven miles this side of Clarksville, Tenn., after picking up a wreck which occurred Friday afternoon. Engine No. 40, with a string of seven cars left the track. The tank went off first and turned over. This threw the cars into the ditch. It required all day to pick up the cars and engine. The engine is damaged slightly. Traffic was delayed by the accident.

## SPECIAL ELECTION MAY BE ORDERED

### Rebels Say That Will End Insurrection Instantly.

Palma, It Is Said, Is Afraid of Investigation by Secretaries Taft and Bacon.

### ARMY AND NAVY ARE READY.

Havana, Sept. 17.—According to a rumor given wide circulation today, President Palma will in a few days issue a call for a special election as the easiest solution of the present Cuban crisis. The rebels say such an act instantly will quell the insurrection.

There is abundant evidence that the government is anxious to reach a settlement with the insurgents. In time to avoid searching inquiry of Cuban political affairs by Secretaries Taft and Bacon when they arrive. Such an investigation, it is hinted, would bring to light numerous skeletons which Palma prefers to keep hidden to avoid having some scandals of his administration aired. Palma, it is believed, will consent to make peace with the insurgents almost on any terms.

### Cable Is Cut.

Washington, D. C., Sept. 17.—The navy department received information today that the cable between Cienfuegos and Bermuda was cut on Sunday. Land lines are out of business. This cuts Cienfuegos off from all America.

### Army Ready for Field.

Norfolk, Va., Sept. 17.—Practically the whole United States army now in this country is ready to take the field in Cuba, while numerous vessels are ready to sail.

### "Fighting Fred" Funston.

Washington, Sept. 17.—"Fighting Fred" Funston, now brigadier-general, who won his spurs in the Philippines, is on his way here tonight from Tacoma, Wash., under hurry orders to join Secretary of War Taft and Assistant Secretary of State Bacon in Cuba. It is learned that during last night's conference with the president at Oyster Bay, discussion turned upon the question of who should be in military command in Cuba in case of armed intervention.

### Government on Defensive.

Havana, Sept. 17.—The government this evening made a strenuous effort to restore peace in Cuba and thus avoid American intervention. The object it is stated, is that it may be able to say when Taft and Bacon arrive that peace already is secured and therefore there is no need for the American government's action to restore peace or insure permanent tranquility.

An extraordinary decree was issued signed by President Palma on recommendation of Secretary of Public Works Montalvo. The decree follows:

"All campaign operations are suspended and in consequence the government forces will act only on the defensive throughout the republic. The secretary of the interior will issue all necessary orders for the execution of this decree."

### PEARY MAY BE SAFE.

Backers Believe He Was Successful in Voyage.

New York, Sept. 17.—Those interested in the success of the expedition to the North Pole are expecting to receive news from Lieut. Robert P. Peary. It may be that the explorer has already attained the object for which the journey was undertaken. In that case he is likely to be heard from in the neighborhood of Labrador. If he has succeeded he would not be likely to have intrusted any message to other vessels but would by this time be on his way to some port from which he could send the news. If he has not accomplished his object some word is likely to come from him by means of the whalers which come down to Dundee, Scotland, with the breaking up of the ice packs.

A wooden-legged candidate for the town council of Claston, England, urged his fellow artisans to elect him on the ground that a wooden leg in the council would be a pleasant variety among the wooden legs there.

Generally fair tonight and Tuesday. Slightly cooler Tuesday. The highest temperature reached yesterday was 90 and the lowest today was 65.

now. "Vote for Peggy" is his inspiring slogan.

### TWO BURNED TO DEATH.

Fire Destroys Residence at Featersville, Ky.

Lancaster, Ky., Sept. 17.—The home of Bud Kaiser, Featersville, was destroyed by fire last night. Kayes and Nathan Taylor were burned to death. The cause of the fire is unknown.

## SEWER CONTRACT

### WILL BE RATIFIED BY GENERAL COUNCIL TONIGHT.

Both Boards Will Convene for the  
Purpose—Councilmen in Regular Session.

Both boards of the general council will meet tonight for the purpose of ratifying the contract. It is Thomas Bridges' Sons for constructing the new sewer in district No. 2. It is the regular meeting night of the board of councilmen, but Mayor Yeiser will call the aldermen to meet for this specific purpose.

Unless some unexpected measure is introduced the councilmen will have little business before them tonight. The ordinances providing for the construction of sidewalks on Sixth street between Norton and Tennessee streets and for grading and graveling Boyd street between Sixth and Seventh streets, are waiting for plans and profiles, which the engineer has prepared.

Aside from the sewer matter Mayor Yeiser said he will have no communication to make.

The work on the sewer will be commenced as soon as the contractors can get ready.

The ordinance calling for an election on park construction bonds will be introduced tonight.

## WILL APPEAL

### FRANK JUST THINKS HE WAS JUSTIFIED IN ATTACK.

Knocked Foreman Down in Altercation Over Thirty-Five Cents—  
Barbers in Trouble.

Because Frank Just and his attorney, Judge Cecil Reed, thought they had been "unjustly treated," they asked that a fine of \$10 and costs against Just be made \$25 and costs to enable them to appeal.

Just conducts a barber shop on North Fourth street and Thad Williams was employed until a week before the fight, as foreman. Williams had 35 cents coming to him and disputed, according to Just, the amount. Just stated that he and Williams out and Williams advanced on him with his hand in his pocket in a threatening manner. Just struck Williams and felled him. He slapped him twice.

"Ten dollars and costs against Just and \$1 and costs against Williams, was the decision of Police Judge Puryear.

"Will you make that \$25 and costs," Attorney Reed asked. "I will," the court replied, scolding down the correction.

### Democrats Will Contest.

Portland, Me., Sept. 17.—"This election will be thoroughly investigated, and it is likely the investigation will be carried to the ballots if need be." This statement was issued today by Cyrus W. Davis, the Democratic candidate for governor of Maine at the election Monday, who on the face of the returns was defeated by Gov. William T. Cobb, Republican, by 8,882 votes.

### General Dorszeiwski Shot.

Warsaw, Sept. 17.—General Dorszeiwski, president of the courtmartial while driving through Alexander Square today, was shot and severely wounded.

## LOVING ACQUITTED OF MURDER CHARGE

### Judge Reed Has Exhausted Every Possibility.

Jury Had Been Out Fifty-two Hours But Judge Would Not Dismiss Them for a While.

### CASE OF GREAT INTEREST

H. H. Loving was acquitted at 3 o'clock this afternoon. The jury stood nine for acquittal and three for guilty, until the final vote.

Loving was dazed at first. This morning the jury was brought before the court and reported that it had failed to reach an agreement. Deputy Sheriff Clark Fortson was again sworn and sent to the room with the jurors.

This afternoon Circuit Judge Reed suspended court at 2 o'clock, pending the arrival of a witness, who had been subpoenaed but failed to be present. While sitting outside the building he said: "There was plenty of time yet," when asked about the probabilities of a deadlock in the jury. He seemed inclined to hold the jury together for some time to come.

The jury has been out 52 hours. The jurymen all sleep in one room at their hotel and eat at one table. They were the observed of everybody as they walked to and from the court house.

### INDEPENDENCE DAY.

Typical Mexican Banquet Served at the Palmer.

For the first time in the history of the city Mexican Independence day was celebrated in Paducah when on Saturday night Mr. Manuel Sanchez Marmol, a genial Mexican gentleman, royally entertained several of his Paducah friends with a banquet at the Palmer hotel. Mr. Marmol is the son of a famous statesman of Mexico, was educated in the United States and is now in charge of the Mexican interpreting department of the Sutherland Medicine company. He is a splendid linguist, as well versed with the English language as he is a scholar of the Spanish.

The decorations were in the colors of the Republic of Mexico, red white and green, the banquet table being covered with a huge Mexican flag. Both Mexican and Kentucky dishes were served, but the happy guests of Mr. Marmol enjoyed most, the delicacies imported from his home and prepared under the direction of Mr. James Soler.

### SCHOOL BOARD.

Meets Tonight in Special Session at President's Office.

A special meeting of the school board was called to meet this afternoon in President Williamson's office. Bids for the coal supply for all the school buildings will be opened. Sixteen car loads of coal are required to run the schools during the cold months.

### Warrant for Driver.

Humane Officer Tom Sanders will swear out a warrant against Jot Murphy, a driver on one of the street sprinkling wagons for cruelty to animals. It is said Murphy beat his horse Saturday afternoon so hard that it raised long welts. Firemen at station No. 1 saw the horse after Murphy got through beating him.

### Earthquake Shocks Felt.

San Francisco, Sept. 17.—The lumber laden ship Robert Seart has arrived from Tacoma and northern ports. During the trip officers recorded several earthquake shocks, which caused a panic among the crew. The disturbance was so severe that cargo and upper works of the vessel were shaken.

### Austrian Consul Killed.

Berlin, Sept. 17.—The murder of the Austrian consul at Tien Tsin, China, by Chinese is reported by the correspondent of the Tagblatt at Tien Tsin. It adds the Chinese robber took \$3,000.

### Fatal Explosion.

Havana, Sept. 17.—A violent explosion occurred today, wrecking two brick buildings. Six persons were killed and many injured. The explosion is thought to have been the work of an incendiary.

## HEAVY EXPENSES OF KITTY LEAGUE

Prevents Financial Success of  
The Association.

Plans Proposed for Cutting Down  
Transportation and Increasing  
Attendance.

### SOUTHERN LEAGUE CLOSES

It was again demonstrated during the season which has just come to a close, that a ball club in the Kitty League as it is now arranged, is not paying proposition and that while it is operated as in past seasons, it never will be, says the Vincennes Capital.

Too small receipts and too much expense in the way of salaries causes the loss each year. The mileage in the Kitty this past season was greater than ever before and there was no decrease in salaries. The Cairo and Paducah clubs were considered the highest salaried clubs in the league. No club with the probable exception of Mattoon, was within the salary limit. Vincennes on the average for the season kept within it, but not a dollar less.

With the exception of Jacksonville every city in the league made a poor week-day attendance showing, and attendance at Paducah and Cairo in both Sunday and during the week day was almost a disgrace to the cities. Paducah and Cairo probably played to not more than half what they drew in 1935. Danville started off well but after the team took the awful slump earlier in the season, there was a big falling off in the crowds. After the team again got to playing good ball there was a slight increase but not what there should have been. At Mattoon the crowds were disappointments. There was some excuse, however, for Mattoon, as the park was located about six miles from the city. Every club with the probable exception of Vincennes and Jacksonville lost money on the season and the profits of both together would scarcely have paid a man for his summer's work. Had Vincennes not gotten away lucky in the sale of players, she would have finished \$1,000 in the hole and as Jacksonville sold no players it is probable the season shows a deficit.

The league magnates are now looking for a remedy that will save the life of the organization. They realize that the circuit covers too much territory. Paducah, Cairo and Mattoon say they want to remain and Jacksonville, Danville and Vincennes will want to be represented in the league, but somebody will be found missing when next season's bell rings. Cairo and Paducah are no longer good baseball cities. Evansville and Terre Haute would be good cities and it would be no surprise to see them here although they will have to be forced out of the Central before they will cry quits. Paris, Ill., is a small city that wants into the league and Henderson and Princeton could be gotten back with a little encouragement. They would jump at the chance if Evansville and Terre Haute could be gotten in.

### Local Situation.

There is a great deal of truth in what the Capital says, but when it talks about dropping Cairo and Paducah, the Vincennes paper gets her logic mixed.

It would be more like Paducah and Cairo dropping Vincennes and some others. Vincennes is in the territory of two other leagues. The writer's reason why the season was a financial failure are excellent. Pa-

ducah and Cairo would do better to take in Hopkinsville, Henderson and some of these surrounding towns, cutting down the mileage and condensing the territory so that town rivalry will be more keen.

Paducah should be in a league next year, and the city can be made to support a team. So, plans for bringing the fans into closer touch with sport should be devised. A good plan is to sell season tickets enough to insure the management against loss. It stands to reason that there are not sufficient men in Paducah with free time to attend a baseball game every afternoon two weeks at a stretch; but if those fans are eager enough to have the sport on these days they can attend, they should be willing to subscribe a little toward promoting the team. The chautauqua plan of constituting season tickets shares of stock is a good idea and might be tried, although it is doubtful if the fans would insist on having their tickets represent shares of stock. All they ask is to see the game.

### Errorless Game Record.

In addition to carrying off the hitting and fielding honors of the league Cairo swiped the plum when it came to playing errorless games. In all the Rats played twenty-four errorless games during the season. Paducah with twenty to her credit, carried off second honors and Vincennes and Danville with eighteen each tied for third. Jacksonville went through fifteen games without errors while the best Mattoon could do was to pile up eight.

### Football Rules.

Within two weeks football teams all over the country will be clashing. Some drastic changes have been made in the rules this year. Those who made the changes believe that the game will be benefited but old football men fear the reverse. They say that the open play will result in more players being injured than ever. Following are the new rules:

Two umpires, a referee and a linesman will be the officials.

Then length of the game has been shortened by ten minutes.

The opposing rush lines will be separated by the length of the ball, which must be kept flat on the ground by the center.

Linesmen must have both feet, both hands, or one foot and the opposing hand up to or within one foot of the line, and with the exception of the three center men the forwards must stand with both feet outside the one foot of the line, and with the both feet outside the outside foot of them and next to them.

Before making a fair catch a player must signal by raising his hand clearly over his head.

Whenever any portion of a player carrying the ball, except his hands or feet, touches the ground when in the grasp of an opponent, the ball is down.

Either team may ask for time out three times during a half without penalty. For each extra call for time a team will be penalized two yards unless the injured player be removed from the game.

Hurdling is prohibited.

The snapperback is allowed to have his hands and head offside when he is about to pass the ball.

There must be at least six offensive players in the line, and, if there are only six, one of the other players must be outside of the man at the end of the line.

None of the five center men will be allowed to leave the line unless he goes five yards back and another player takes his place in the line. No shifting to evade this rule will be allowed.

One forward pass will be allowed each scrimmage, provided the pass be made by a man who was in the backfield when the play started. In case the ball touches the ground it goes to the defensive team.

A team must gain 10 yards in three downs.

When the ball is kicked, any player on the kicking side will be on side as soon as the ball touches the ground. Once the ball touches the ground it cannot be kicked further.

A player preparing to kick a goal after a touchdown will be allowed to adjust the ball in the hands of the holder.

All forms of unnecessary roughness have been explained and penalties provided. When a player is disqualified, his team will lose half the distance to its goal line.

### Taylor Is Married.

The Cairo Bulletin today said: "It is reported that Eddie Taylor, centerfielder of the Paducah baseball team, yesterday signed a Cairo contract at high noon including the reserve clause which can not be dissolved except through the medium of the divorce courts. Said contract is stated to have been signed at Mound City and the bride is said to be a pretty blonde residing in Cairo. Mr. Taylor went to Paducah after the ceremony and the bride is reported to have returned to Cairo."

## THE CHURCHES

There was a large attendance at the First Presbyterian church yesterday morning to greet the Rev. W. E. Cave. With his return every regular pastor in the city is home. Dr. Cave's sermon fittingly was on the subject: "The Home Coming." His text was from the story of the prodigal's return. There was no night service.

The Rev. E. H. Cunningham preached at both services at the Second Baptist church yesterday. Tuesday and Wednesday nights the Rev. Fleetwood Ball, of Lexington, Tenn., will preach.

The Rev. Calvin Thompson was in his pulpit at the First Baptist church yesterday.

The Rev. J. F. Rogers, of Greenville, Ill., preached at the Sixth and Kentucky avenue Presbyterian church yesterday.

### Goes on Vacation.

The Rev. T. J. Newell starts this week on a two weeks' vacation through the southwest visiting Memphis, Little Rock, South McAlester and San Antonio. The prayer meeting at the Broadway Methodist church Wednesday night will be conducted by G. C. Crumbaugh. Sunday morning Dr. J. D. Smith will preach a lay sermon on "Christian Citizenship." At night the Rev. J. W. Blanchard will fill the pulpit.

Dr. Della Caldwell has gone to Carbondale Ill., to attend the bedside of a sick niece.

### Nobody Spared.

Kidney Troubles Attack Paducah Men and Women, Old and Young Alike.

Kidney ills seize young and old alike—Quickly come and little warning give.

Children suffer in their early years—Can't control the kidney secretions. Girls are languid, nervous, suffer pain.

Women worry, can't do daily work. Robust men have lame and aching backs.

Old folks, weak, rheumatic, lame. Endure distressing urinary ills. The cure for man, for woman, or for child.

Is to cure the cause—the kidneys. Doan's Kidney Pills cure sick kidneys—Cure all the varied forms of kidney suffering.

Paducah testimony guarantees every box.

J. A. Houser, of 1421 South Ninth street, carpenter, says: "I have been subject to kidney complaint all my life; not constantly or seriously, but every now and then—sometimes without warning—I had attacks some of which laid me up. I noticed that the contractions of a cold always affected my kidneys, and when in this condition, in addition to backache, there was trouble with the kidney secretions. Like I had tried more than one preparation I got Doan's Kidney Pills at Alvey & List's drug store and took them. The last attack disappeared. So pleased was I with the result that I gave Doan's Kidney Pills to a child of mine annoyed with weak kidneys. The results obtained stamp Doan's Kidney Pills as being up to representation."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

## PLAN FIELD DAY FOR HIGH SCHOOL

Athletics To Be Given Rousing Start This Season.

Football Schedule Is Now Under Consideration and Challenges Prepared.

### ENROLLMENT GREATER TODAY

The enrollment in the public schools will be increased by several score pupils this week judging from the start made this morning.

This morning mothers and fathers with their children were waiting turn for a conference with the superintendent. The superintendent was a busy man and spent a great part of the morning entering new pupils. Already the enrollment is much larger than in preceding years and the outlook for the biggest attendance in the history of the schools is bright. The attendance always falls below the enrollment on account of pupils dropping out.

**The Athletic Department.**

"We are trying to arrange for a schedule of football games," Captain Felix St. John, of the football team, said. "We will issue challenges to Marion, Metropolis and Cairo, Ill., Mayfield, Hopkinsville, Princeton and Fulton, Ky., and all small towns near the city. We hope to arrange a series of games and arouse local interest."

A field day will also be arranged if possible. Last year the field day fell through, but it will be revived early this season and made a sure go.

### New Science Teacher Comes.

This morning Prof. M. C. Vick, of Russellville, Ky., arrived and took charge of the science class. He succeeds Prof. C. L. Woodbury, resigned. Prof. Vick comes highly recommended and the position has been well filled, the authorities believe.

### First Address.

This morning Prof. E. G. Payne, principal of the High school, made a short address to the High school on the value of reading good books. The talk was interesting. It was the first address made the schools this year.

Tomorrow morning the Rev. Calvin Thompson will address the schools. He will be the first regular speaker outside the faculty. The Rev. Mr. Thompson is a forcible speaker and his address is looked forward to with much pleasure.

## Dorothy Dodd

## Announcement....

THE EVENT of the Paducah footwear season will be the introduction, as our leading line for women, of the far-famed "Dorothy Dodd" Shoe. For years we have carried on a careful and systematic study of the shoe business. Intent on securing the best, every reputable line of women's shoes in the world's markets has passed under our inspection. Not content with merely an examination of the finished product, we have watched many of them in process of manufacture, and in some cases from the cutting-bench to the finishing room. After duly weighing all advantages and disadvantages, our final choice is the

### "DOROTHY DODD" SHOE

Retailing at \$4, \$3.50, \$3 the Pair

This shoe is, in our estimation, the best for the above prices of any in the shoe world today. It is striking in style, faultless in fit, and of moderate price—three points that cannot help but appeal to every woman.

Another strong point is their wide and varied range of styles.

The "Dorothy Dodd" line not only affords the proper style for each and every occasion, but each style is divided and subdivided by variations of design and material, until the possibilities for choice are practically limitless.

## PREPARE FOR COLD WEATHER

IT is a source of great satisfaction to us to be able to offer to our patrons such a magnificent line of Heaters as we have secured for this season. And best of all, there is not a heater shown which has not been sold in Paducah for years. They're all old favorites--tried and tested; your friends and neighbors own them and can tell you about them--how economical, how efficient they are. Each heater has its own distinctive features. Some patented idea makes one or the other of these stoves just the one needed for your conditions. We want you to see our line and let us explain their merits.

### ESTATE OAK

There is the Estate Oak, with its patented jointless ash box, molded all in one piece, absolutely air tight as long as the stove lasts, and holding a full twenty-four hour accumulation of ashes; its double strength single fire pot, its smoke curtain, its screw draft, register, effective hot blast attachment, etc.

### The Radiant Estate

Is exclusively a hard coal heater of triple-flue construction. The heat is brought forward through the two outer flues and then passes back and out through the center flue. It has a very large radiating surface and fine draft regulation.

Be sure to see this Stove.

### MOORE'S AIR TIGHT

Is substantially a small furnace, surrounded by an open ornamental casing. The stove proper is made of a few plain heavy castings, put together solely with the idea of producing the greatest possible amount of heat. There are numerous patent features of the Moore Heater which will appeal to you at once when you examine it.

### Favorite Base Burner

Is probably the most satisfactory moderate priced heater on the market. It has a large ash receptacle and a liberal radiating surface. The draft registers being ground, gives you complete control of the fire.

You'll make a fuss over this stove.

**THE ESTATE OAK RADIATOR**  
Is nothing more than an Estate Oak placed within an ornamental jacket. Easily kept polished. It makes a handsome parlor stove.

### MAGNETIC POLE

DISCOVERED BY CAPT. AMUNDSEN, OF NORWAY.

Travels Through Northwest Passage and Arrives at Seattle--Much Work Ahead.

Seattle, Wash., Sept. 17.—Captain Roald Amundsen, discoverer of the northwest passage, arrived here yesterday on the steamship Saratoga from Nome. He was met by a committee from the chamber of commerce and the local Norwegian societies.

Owing to a desire to reach the government observatory at Sitka to complete certain magnetic observations, Captain Amundsen's stay here was short. He said:

"My observations extend over three years and will take three years to calculate them out. Until that time it is utterly impossible to say positively what has been accomplished by the observations. I believe, however, that I have located the north magnetic pole. I cannot say whether it is a shifting point or extends over a large area. I took careful observations of the Arora Borear. The observations of the phenomenon had a marked effect upon the compass."

OVERTOOK MT. PELEE AFTER LAST ERUPTION.

Outfit Attached Saturday Night by Central Labor Union to Cover Its Expenses.

It was a Mount Pelee disaster, sure enough, at the carnival Saturday night. The Central Labor Union attached the outfit and it is now in the hands of the sheriff awaiting disposition by the circuit court.

The attachment covers \$1,600 advanced W. S. Layton, owner of the attraction. The union advanced him cash to cover transportation expenses and C. O. D. on his fireworks and equipment from Chicago to Memphis and from Memphis to Paducah. Layton was to bear half the expenses of lumber and material for erecting the exhibition at the ball park.

The outfit consists of a box of uniforms, scenery and properties.

### FORECAST OF THE WEEK.

Cuba affairs will hold much interest this week. The visit of Secretaries Taft and Bacon to the island with the avowed purpose of bringing about a solution of the trouble is recognized as an event of much importance. They have been preceded and will be accompanied by a formidable land and sea force.

The representatives of President Roosevelt will reach the Cuban capital early in the week and within seven days it is expected that it will have been definitely determined whether an amicable settlement of the conflict can be brought about without further intervention by the United States. It is probable that upon the success or failure of these missions depends the immediate future of the new republic.

Tuesday, primary elections will be held in New York by both parties in the race will be close because of the contest between C. O. Boodies, present head of the state Republican organization, and Charles E. Murphy, head of the Tammany Democracy.

Opposition to Odell in New York city is being waged by Herbert Parsons who recently was endorsed by President Roosevelt. In Tammany the situation is more complicated. Murphy is fighting to lead but is opposed by Mayor McClellan, while the adherents of Congressman Timothy Sullivan have not yet been in a position to say whether the New York county delegates to the state Democratic convention are instructed for William R. Hearst.

William J. Bryan will continue his southern tour and will speak at Atlanta Thursday.

Seventeen candidates for places on the team to represent America in the international automobile race for the Vanderbilt cup on October 6, will race over the 297 mile course on Long Island Saturday. The first five cars will compose the American team.

The convention of New Hampshire Republicans will be held at Concord Tuesday. There are five candidates for the gubernatorial nomination including Winston Churchill, the novelist.

### FARMERS

WILL HOLD MASS MEETING SATURDAY, OCTOBER 13.

The affiliated organizations in this district have a combined membership of 4,000 and as the program will be attractive and the meeting is well advertised, it is believed a large representation will be in attendance.

The McCracken county institute met yesterday in the office of Bonds & Powell, 302 South Second street, and talked over the plans for the big gathering.

The institute will be held in the Kentucky theater, all sessions being in the day time. The Paducah Commercial club is co-operating with the institute.

Daily Thought.

"It is not the number of books a

man has read that makes him wise,

but the number of ideas that have

lodged in his head."

A WORD TO THE WISE.

All the "boosting" a paper gives

a city; all the efforts of commercial

organizations to build up a city in-

dustrially; all the expenditure of

money, time and brains in devising

means to attract strangers to a city

and direct the current of suburban

travel into its principal streets are

designed to directly benefit but one

class of citizens, the retail mer-

chants. Wholesalers and jobbers can

be benefited only indirectly by the

increased sales of the retailers; the

papers can reap a reward only after

everybody else has enjoyed his

share; the manufacturers benefit on-

ly as increased tonnage warrants

better shipping facilities and rates; and

the real estate men, doctors,

lawyers and workmen get only

what the retail merchants leave.

Suburbanites attracted by better

rates and quicker schedules come as

a rule just to patronize the city re-

tail stores. Excursionists spend

their money with the retail mer-

chants; large conventions, horse

shows and such enterprises bring

people to the city to patronize hotels

and buy things from the city stores.

It is the retail merchant who

realizes a direct immediate benefit

from the presence in the city of an

unusual crowd, which can be mea-

sured by the quantity of coin of the

realm in the till; and the only way

he can avoid profiting by the pres-

ence of a crowd is by closing his

store.

These are self-evident facts, and

being so, it would seem that the re-

tail merchants would be the first to

contribute to any sort of enterprise

to increase their sales and profits

beyond the small donation they

would be called on to make, and at

the same time widen the field of

their operations.

Yet, it is a fact that the retail

merchants of Paducah as a class are

the only people not contributing to

success of enterprises, which will ad-

vertise and build up Paducah. The

fall horse show is approaching.

Nothing but the worst possible

weather could make it a failure from

lack of outside interest, for the pro-

moters already are assured of many

visitors and visitors from western

Kentucky and southern Illinois. The papers are devoting columns to it, the baseball association, which lost \$3,000 during this year's season, has donated the grounds; the Paducah Light and Power company has been called on to furnish several hundred dollars worth of lights and wiring; manufacturers, wholesalers and professional men have contributed handsomely. But the Horse Show association has met with nothing but discouragement from the retail dealers.

The Retail Merchants' association has rules by which the members must be guided, to be sure; but the situation is critical and if the organization has a rule that is likely to hurt the city it should be abolished. This exposition is not meant as a scolding; it is a warning. There are ominous growls of discontent from the men who have been digging deep into their pockets month after month for enterprises directly beneficial only to Broadway, and which Broadway is not helping. The Horse show this year will be a success, but maybe next year there will be no horse show and it will be the retail merchants who will suffer.

The Southwestern Kentucky Farmers' institute and the immigration convention of the same section meet here next month. They will bring over 1,000 delegates to the city from a territory naturally belonging to Paducah's retail trade. Whether Paducah ever gets any more such conventions and whether these delegates go away with a good word for Paducah will depend largely on the response made by the retail merchants to the call for assistance in entertaining the visitors.

They inveigh loudly against people going on excursions because they fear Paducahans while away will patronize the stores of other cities, to the detriment of the local trade. If they fear Paducahans will spend money with retail merchants in other cities while on excursions, why do they not believe visitors to Paducah will invest their change on Broadway?

It was a worthily intended rule, Gentlemen, to enable you with good countenance to ward off the charity panhandler and the fake public enterprise promoter; but it operates as a serious drawback to the city and your own trade, and should be amended.

THE SUN, THE BAROMETER.

The Owensboro Inquirer says:

The classified advertisements in a newspaper are interesting to philosophers as well as to about all other sorts of folks. But for a peculiar reason. The majority of the people are interested in want ads, because they personally want some of the things advertised, or because these little "sprigs of publicity" have repeatedly accomplished things for them. But your philosopher would look upon them as a barometer of the day's activities, plans, aspirations—of the people's unrest. Emerson expressed this idea when he wrote: "People wish to be settled but only so far as they are unsettled is there any hope for them." So, to act upon this truth, a large volume of want ads, indicating an increased state of unsettledness, should indicate a full measure of "hope for the people."

Then The Sun is certainly the barometer of "the day's activities, plans and aspirations" in Paducah.

The Vincennes papers say as long as the Kitty league is composed of the present cities the public will continue to be called on for donations. At least, there is where Paducah can boast. She has the only dyed-in-the-wool, dead-game sports in the league. The team lost money, but the association didn't call on the public for donations.

"Should married men flirt?" asks a syndicate writer, and then proceeds to discuss the subject at length. Wasted advice. The right sort of married men always ask their wives' opinion on questions of propriety, and the other sort will flirt anyway.

We have heard of the effect of the news on Havana, and of the bloody battles between the rural guards and the insurgents; but the country is quaking with anxious expectancy, waiting to hear from Wall street.

Why all this early fuss about government ownership plank in the national Democratic platform? Bryan has never had any trouble with the planks in his platform. His trouble has been with the bolts.

There is great danger that when James Graham confesses in court to the murder of Claude Bass, the jury will not believe him.

What Cuba really needs is a comprehensive vagrancy law, strictly enforced.

H. C. Rudolph and W. A. Flowers were excused as petit jurors and W. H. Bradley and B. S. Overstreet substituted.

## RATHER SUGGESTIVE.

He: "Cupid is blind."  
She: "Yes, so I have heard. And the conversation of some lovesick people makes me wish that he were also deaf and dumb."

## IN THE COURTS

## Police Court.

Charlie Snell, bartender at the Morris saloon, first street and Broadway, was held over to the grand jury this morning on the charge of assault and battery. Snell attacked William Rawson, of Shawneetown, Ill., at Fourth street and Broadway last Monday night.

Grace Bennett, accused of attempted arson, was held over to the grand jury this morning in police court. Alonzo Pollard, very black, remained over night and when he came home in the morning his dusky better half told him to take his clothes and go.

"She abused me so dat I jus' shoved her in the face, fudge," was the plea that Pollard put in.

Police Lieut. Tom Potter testified that Pollard told him he slapped her. "Do you want to change your testimony?" the court inquired.

"Naw, sah," Pollard rejoined. Well, \$100 and costs against you for wife beating, and I will say there will be another warrant—one for false swearing—issued against you.

Other cases: A. D. Bagby, white, of Mayfield, \$1 and costs, drunkenness; Oscar Roberts, petit larceny, dismissed; L. A. M. Grief, nuisance, continued; Theobald Peters, selling liquor without a license, fined away, because of absence of witness; Julius Young, drunk, \$1 and costs.

## Cases Disposed Of.

Horace Jenkins, colored, who shot and killed Tom Jackson last fall in "Canaan," a suburb of Mechanicsburg, this morning pleaded guilty to voluntary manslaughter and was given a sentence of 21 years.

James Vanhook and Will Williams, colored, were found guilty of highway robbery and given sentences of eight years each. They robbed Clarence Ferguson of \$10.75.

Scott Ray, colored, pleaded guilty to the charge of assault and battery, and was fined \$50 and given 50 days at hard labor in the county on some public work. He struck Emma Simmons.

Will Stockard, colored, charged with maliciously cutting Frank Bowman, was cleared.

Judge Reed fined Alex McClanahan this morning \$5 and costs for failing to be on hand after being duly summoned.

This afternoon the case against Thomas Norfleet, charged with obtaining money by false pretenses, is on trial and will not likely be finished before late in the afternoon. He is alleged to have sold a watch not belonging to him.

Ten indictments were returned this afternoon by the grand jury, but not made public, the defendants not being before the court.

## Civil Actions.

In the case of Francis Machen against I. W. Bernheim the mandate from the appellate court was filed, affirming the dismissal of the suit in lower courts.

In the case of J. M. Worren against the city of Paducah, mandate affirming the action of the lower court.

Judge Reed Has Bawdy House  
Keepers on Uneasy Street.

Do Not Know What He Means to Do,  
But it is Rumored They Will  
Have to Move.

## NO MORE PLEAS TO ATTORNEY

Kentucky avenue resorts seemed to be doomed in earnest.

All judgments entered this term of court against keepers of bawdy houses on Kentucky avenue were this morning set aside by Circuit Judge Reed, and his action is said to be a step towards abating the nuisance which has so long been complained of.

It is also hinted that it is a step towards ridding that street and the court is inclined to conform to the idea the ministers and the park commissioners, who desire to convert that portion of the city into a park and to make Tenth street a popular boulevard.

It is stated that Judge Reed gave as his reason for setting the judgments aside that he desired to stop the practice of confessions through the commonwealth's attorney. Here tofore the keepers of these houses have gone before the commonwealth's attorney and pleaded guilty, getting off with the usual fine of \$25 and costs or \$50 and costs. Judge Reed knows nothing or has known nothing of the matter except to enter up the fines on his docket.

Judge Reed refused to talk for publication about the matter but it is tipped that drastic measures may be adopted to make the street too hot to hold the women.

If fines in these cases are made of such burdensome nature, the keepers of the houses could be run off the street.

morning from Nashville and left at noon for Clarksville with a good trip.

The Dunbar arrived Sunday from Evansville and left at 11 o'clock this morning for the same point.

The Saltito went up the Tennessee river Saturday night from St. Louis.

The Royal will tie up for the next few days waiting to go on the dry docks for repairs. No boat has been secured to go in its trade.

John Dozier, engineer, and Lee Rhodes, first clerk, on the Dick Fowler, were summoned to circuit court this morning as witnesses in a shooting scrape among some roustabouts on that boat several months ago, and the Dick Fowler had to wait here this morning till the court had heard their evidence. The boat was delayed several hours. The Dick Fowler had a big trip.

The Russell Lord will arrive from St. Louis this evening after towing a big lot of ties from Arkansas to that point.

The United States snagboat, E. A. Woodruff, attracted much attention at the wharf this morning. Probably there is no finer boat on the Ohio river. It is built on the catamaran style, side wheels, and of enormous displacement. The decks are covered with sheet iron, and the hulls are sub-divided into small compartments so that a hole knocked in any one part of the boat would not cause it to fill and sink. The machinery is the most interesting part of the boat. The whole idea of the boat is pulling power, and the 26 engines have prodigious horse-power. In the after part of the boat there is a complete repair shop, containing a forge, lathe and other iron working machinery. There are facilities to repair immediately without requiring other aid, any break in the machinery on the boat. There also is a carpenter shop. The furnaces have five doors and the coal consumption is large. On the front deck are the mammoth snag cranes. When a snag is located, the boat swings around with the current, the cranes grapple the snag and they are pulled into the opening between the hulls onto the decks. There they are sawed into small pieces and thrown overboard where they can do no harm. Sunken barges are pulled to pieces. The crew of the Woodruff numbers 40. Captain W. H. Christian is in command. On the cabin deck, the spotless cleanliness, which reminds one of the government men-of-war, is found. The state-rooms are well furnished and the cabins are spacious. The officers' state-rooms and cabins are separate. The speed up stream is seven miles an hour. The Woodruff recently made the trip down from Louisville to Cairo but little snag work is done as the boat must swing around every time a snag is pulled out. Going up, the work will be thorough. It arrived and left within an hour and a half this morning.

Business at the wharf this morning was better than it has been in many weeks. The Dick Fowler, Dunbar, Buttrott and Woodruff were there at the same time and freight was coming down the wharf in wagon loads. With the wharfboat already well loaded from the accumulation of Sunday, it required considerable skill to handle the congestion of wagons.

From a shortage of hands and some foggy weather, the Savannah was late coming out of the Tennessee river, not arriving here until yesterday evening at 6 o'clock on the return trip to St. Louis.

The Henry Harley had a big crowd of negroes on its excursion to Cairo Sunday.

## An Assistant of Nature.

One of the most interesting things of this day of interesting things is the great success being achieved by osteopathy.

There is hardly a day that some cure which is deserving of attracting much attention, is not made by this new science, and the more it is studied, the better it is known, the easier it is to see why it is so.

Osteopathy merely aids nature to cure.

It is a system of healing built upon demonstrable facts.

It discovers the cause of disease, and treats it by scientific manipulations in order to correct disorders and bring about a natural condition.

Nearly all diseases yield to the treatment, and the diseases local to Paducah do so most readily.

In rheumatism, liver and bowel, or stomach troubles, chronic headaches tired-out, run-down conditions, nervousness, its success has been very marked.

I should like to have you call to discuss your particular case at any time, and not only will I tell you frankly what osteopathy will do for you, but refer you to well-known Paducah people whom it has done much for.

E. H. Gary Surprises Custom Officials  
by Telling Truth.

New York, Sept. 17.—When E. H. Gary, chairman of the board of directors of the United States Steel corporation, made his declaration to the United States customs officials today, after he arrived from Europe, the deputy collector in charge of the ship nearly fell over on astonishment. "Wait a minute," said Mr. Gary, after he had declared several thousand dollars' worth of wearing apparel and other articles for Mrs. Gary and himself. He put his hand in his trousers pocket and drew out two large pearls. "I wish to declare these."

"Any value?" asked the customs official.

"I paid \$53,000 for them in Paris," said Mr. Gary, modestly.

Later when the ship docked Mr. Gary paid to the collector's representative on the pier \$5,300 duty in cash, the rate on unset pearls being 10 per cent. Besides this sum Mr. Gary paid \$2,200 duty on other articles declared.

News of Mr. Gary's act spread among the arriving passengers and caused a sensation. The duty paid, while large, is by no means a record sum handed to the deputy collector on the dock, which was \$32,000 paid by Mrs. Collis P. Huntington in 1901.

## Helped Him to Forget.

A wine agent is compiling a volume of anecdotes of wine dealers of the past. Of the late Baron Roederer he said the other day "Roederer once received a letter that read: 'Sir: I have not a centime to my name, but I adore champagne. Be good enough to send me a case of your delicious nectar. With its help I hope to forget my wretched poverty.' Roederer replied by return mail: 'Sir: The mans wherewith you propose to forget your poverty will not avail. The incessant and persistent presentation of my account will remind you every moment of your sad condition.'"

## London's 7,100,000.

In its annual volume of London statistics, which is this year issued in a new and better form, the London county council is looking ahead as far as 1910. By that time it is calculated that the population of Greater London will have exceeded seven and a half million. It is today 7,113,000, which is a half a million more than in 1901.

Work of Kentucky Conference of Methodist Church in Session at Winchester.

Winchester, Ky., Sept. 17.—Much interest is being manifested in the work of the Kentucky Methodist conference, and the First Methodist church, where the sessions are held, is crowded at each meeting. This morning was taken up with the reports of the individual ministers as to their work during the past year. Almost universally the reports showed progress in all departments, more accessions and more money raised for all purposes, and more charges than paid in full the conference assessments. A general feeling of optimism prevailed.

Several changes were made. The Rev. W. O. Sadler, of Covington, was transferred to the Mississippi conference, and the Rev. M. F. Moore to the Western conference of North Carolina. The Rev. C. E. Throgmorton comes from the Louisville conference to this one, the Rev. W. Q. Vreeland from the Alabama conference and the Rev. F. J. Niseworthy from the Florida conference.

The Rev. C. H. Greef, missionary to Cuba, was given \$500 for his church at Pinar del Rio, Cuba.

The Rev. G. W. Young, superintendent of the Anti-Saloon league, spoke on the temperance report. It was rumored that this report would be intensely radical, but it was not. The objects of the Anti-Saloon league were declared to be the ultimate destruction of the saloon and not its control. He commended the governor and members of the legislature for passing the county unit bill, and asked for funds to fight its way through the courts.

The report endorsed the action of state and municipal officers as regards Sunday closing of saloons; recommended the appointment of the Revs. H. G. Turner and Arthur O'Rear to the national meeting at St. Louis, in November, and also recommended G. W. Bain, G. W. Wilson, the Revs. J. R. Deering, W. E. Arnold and J. D. Redd as trustees of the league in Kentucky; advocated independent voting on this subject regardless of party ties; denounced the use of tobacco and asked the preachers to refrain from its use. Tomorrow the local pulpits will be filled by members of the conference.

Modern Woodmen.

Camp 11,313 has regular meeting tonight. There will be special work followed by a smoker and refreshments. All members urged to attend.

Attention Sir Knights.

Great Leader of Reactionaries and  
Foe of Terrorists Who Plotted  
in Vain.

MAN OF PERSONAL COURAGE.

St. Petersburg, Sept. 17.—Gen. Trepoff, commandant of the Russian imperial palace, died yesterday evening at Peterhoff of angina pectoris. He was regarded as the most cruel tyrant of all the Russian autocracy and six times within the last three years attempts have been made to assassinate him. Czar Nicholas depended upon him, more than any other man, to put down revolutionary uprisings and the decisive manner in which he executed orders gave him the name of the empire's greatest oppressor.

Gen. Trepoff, whose name was linked with reaction and oppression in Russia, was in many respects a remarkable man. He was a natural despot, a tyrant by inclination, education and conviction.

It was he who became the guiding spirit of the reaction after Nicholas II. had issued his famous manifesto in the fall of 1905, promising the people a share in the government. Holding the position of master of the palace, in league with the court intrigues who were determined to restore the old regime, he constantly had the emperor's ear.

Like his father before him, Trepoff was a police master with all that the name involved in Russia, and the story of father and son is full of dramatic incidents. The elder was a founding. He was found one morning as a baby upon the back doorstep of a German family by whom he was taken in and playfully given the name of Trepoff (German for doorstep).

The father entered the Russian service as an agent of the famous Third Section, and distinguished himself as a member of the secret police. During the height of the nihilist conspiracies in the late seventies, it was to him that Alexander II. confided the task of unearthing and running down the terrorists plotting against his life.

Dmitri followed his father's footsteps in the police department. He attracted the attention of Sergius, then governor general of Moscow, and the most reactionary of the

grand dukes, and by him was named Police Master of Moscow.

Trepoff soon became Sergius' right arm in fighting the revolutionary student agitation of which the ancient capital was the hotbed. Trepoff's life was many times attempted, but he always escaped. When the Grand Duke Sergius was assassinated he was named Governor General of Moscow.

But at that time revolutionary agitation was rampant in the capital. Later Trepoff was summoned to St. Petersburg, given the command of the imperial guard and made governor general of the city. He took up his residence in the winter palace and became in fact, if not in name, director of Russia.

Anarchy prevailed when he arrived. An uprising on a large scale was momentarily expected, and thousands had fled the city. But with Trepoff in the saddle the aspect of affairs changed. Troops filled the streets and dead walls were p'acarded with notices that the slightest disorder would be suppressed without mercy. And under his iron hand the city became quiet.

During those trying weeks plot after plot to kill him was discovered and frustrated. Two of his own pieces were involved in the conspiracy.

His personal courage was beyond all question. He had almost a contempt for death.

The strain told upon him and during those memorable six weeks the lines on his face deepened, and his hair and beard became streaked with gray.

Trepoff made a pretense of acquiescing in the manifesto of October of that year and in Witte's elevation to the premiership, but in reality he was only awaiting a favorable opportunity to give battle to the forces of the new regime. And when the orle of liberty, which followed the manifesto, was in full blast, and threatening to sweep away the foundations of the government, even Witte was glad to turn to the great police master to restore order.

He accomplished his task and was hailed by the reactionaries as the savior of the situation. The emperor was made to believe that Trepoff alone was capable of safeguarding the lives of himself and the imperial family. And so, with the press howling at his heels, he retired to Tsarskoe Selo to become master of the palace.

Personally, Trepoff was at this time a handsome man of about forty-five years, tall, square-shouldered, with close-cropped hair and beard, his whole face and figure distinct with life and alertness.

### TENT COLONIES FOR INSANE.

Improve Mental and Physical Condition of Illinois Patients.

Springfield, Ill., Sept. 17.—The establishment at the various state hospitals for the insane of tent colonies for consumptive patients, with beneficial results, is noted in the quarterly bulletin just issued by the state board of charities.

The use of tent colonies at Watertown hospital for untidy, chronic and disturbed patients has been tried this summer with satisfactory results. These patients, who give hospital attendants the greatest concern, have been housed all summer in tents in woods near the main buildings, and the report of Superintendent Taylor says that "patients heretofore greatly disturbed have become quiet, they sleep well, their appetites are ravenous, and all but one have discontinued their untidy habits."

The tent colony for consumptives at the Bartonville asylum has shown that the per capita cost is \$50 a year, and that the patients improve.

The report shows the gross per capita cost during the quarter ending June 30 was \$39.55 and the net \$36.16.

## FAMILY POISONED EATING ICE CREAM

Mrs. D. W. Coons' Life  
Endangered of Sunday.

Mr. and Mrs. Coons and Miss Palmer Ate Ice Cream Late Saturday Night.

ALL OUT OF DANGER TODAY

Poisoned by eating ice cream Saturday night, D. W. Coons, secretary of the Commercial club, Mrs. Coons and the latter's sister, Miss Susie Palmer, lay in almost mortal agony yesterday, while physicians worked with them. Not until 11 o'clock last night was Mrs. Coons pronounced out of danger. All of them are ill this morning, but on the road to recovery. Secretary Coons was able to be in his office today.

Mr. Coons purchased ice cream at a store Saturday night and carried it home about 10 o'clock. The party ate the cream and retired, sleeping well. Late yesterday morning they all became violently ill, and displayed symptoms of poisoning. Their suffering was so acute, that they sent for Dr. Bradley.

He at once recognized the symptoms and administered emetics and antidotes. The doctor is certain it was the ice cream which produced the illness.

Mrs. Coons was much the worst patient and it was feared all through the day that she would die. However, late last night she rallied and is now out of danger.

## OPERATIONS AVOIDED

Two Grateful Letters from Women Who Avoided Serious Operations.—Many Women Suffering from Like Conditions Will Be Interested.

When a physician tells a woman, suffering from female trouble, that an operation is necessary it, of course, frightens her.

The very thought of the operating table and the knife strikes terror to her heart. As one woman expressed it, when told by her physician that she must undergo an operation, she felt that her death knell had sounded.

Our hospitals are full of women who are there for just such operations. It is quite true that these troubles may reach a stage where an operation is the only resource, but such cases are much rarer than is generally supposed.

Because a great many women have been cured by Lydia E. Pinkham's Vegetable Compound after the doctors had said an operation must be performed. In fact, up to the point where the knife must be used to secure instant relief, this medicine is certain to help.

The strongest and most grateful statements possible to make come from women who, by taking Lydia E. Pinkham's Vegetable Compound, have escaped serious operations.

Margrile Ryan, Treasurer of St. Andrew's Society, Indianapolis, Ind., writes of her cure as follows:

Dear Mrs. Pinkham:— "I cannot find words to express my thanks for the good Lydia E. Pinkham's Vegetable Compound did me. The doctor said I could not get well unless I had an operation for the trouble from which I suffered. I knew I could not stand the strain of an operation and made up my mind I would be an invalid for life. Hearing how Lydia E. Pinkham's Vegetable Compound had saved other women from serious operations I decided to try it, and in less than four months I was entirely cured; and words fail to express my thankfulness."

# The Bath Comedy

By AGNES and EGERTON CASTLE

COPYRIGHT, 1906, BY EGERTON CASTLE

When he returned to Pierpoint street he found the mysterious stranger already in her sedan, Lord Verney leaning through the window thereof engaged in an earnest whispering conversation. Captain Spicer jocularly pulled him back by the coat tails and inserted his own foolish face instead. The lady was masked and cloaked as he had left her.

"Madam, I have done your errand," said he. "It was," said he, "a matter of difficult negotiation, requiring—ahem—requiring such tact as I think I may call my own. Sir Jasper was vastly incensed; one might as well have tried to reason with a bull. But, sir," said I, "would I, Captain Spicer, come with this message if it were not in accordance with the strictest rule of honorable etiquette?" That fanned him, madam."

Here Mistress Kitty snapped the letter flickering in his gesticulating hand with scant ceremony, turned her shoulder upon him, read it and handed it out to Lord Verney, who had lost no time in coming round to the other window.

"Now," said she, "bid the men take me to the pump room." She leaned her head out, and Lord Verney put his close to hers, and there followed another convulsion.

"Madam, madam, I demand the fulfillment of your promise!" from the other side came Captain Spicer's clamorous, this voice. "Verney, my good fellow, I must request you to retire. There is a compact between this lady and me."

"A compact?" said the mask, turning her head.

"Oh, madam, the vision of that entrancing countenance!"

He strove to unfasten the chair door, when "What?" cried she, "and you of all the charms of uncertainty and all the joy of guessing and all the spice of being able to take away the character of every lady in Bath! Oh," she said, "I hope I have been better taught my duty to my neighbor!" Out went her head again to Lord Verney; there was another whisper, a silver laugh. "Oh, men," she cried.

Lord Verney skipped round and in his turn dragged the discomfited captain out of the window and restrained him by main force from running after the retreating chairmen and their fair burden.

## CHAPTER X.

LORD MARKHAM was a person of indefinite age and indefinite manners. He wore an ill fitting wig, but he had a high reputation as a man of honor. He sat beside Sir Jasper on the front seat, while on the back seat sat Tom Stafford; and the curlicue sped cheerily along the up and down Bath streets out into the country budding with green, down the hill to Hammer's fields by the winding Avon. Sir Jasper's face bespoke great dissatisfaction with life at large and with his own existence in particular. Tom Stafford was beginning to feel slightly bored.

"'Tis an early spring," said Lord Markham, in the well meant endeavor to beguile away the heavy minutes and distract his principal's mind. "'Tis very mild weather for the time of year, and the lambs are forward."

"Ugh!" said Sir Jasper. "Speak not to him of lambs," whispered Stafford. "Do not you see he is all for blood and thunder!"

Then he added maliciously: "There is but one animal in the whole fauna that Sir Jasper takes an interest in at present, and that's not easy, it seems, to find in these parliaments, though we know it does haunt them; 'tis the red deer!" He chuckled, vastly delighted with the conceit.

"Let us hope we shall not have rain," said Lord Markham; "these clouds are menacing."

"Nay, they will hold up for half an hour, enough to serve our purpose," growled Sir Jasper, and tipped the coarses with the lash so that they spurned the slope.

"But we shall get wet returning," pleaded the well meaning earl. "I and so all along. 'Twould have been better to have gone in a coach."

"I vow," cried Sir Jasper, with a sudden burst of spleen—"I vow that I have it in my heart to wish that Villiers' ball may speed so well that I may feel neither rain nor shine coming home again. Home again," said he, with a withering smile. "Blast it, a pretty home mine is!"

"And a pretty cheerful fellow you are to bring out to a merry meeting," quoth Stafford from the back, "and a nice pair of fools you and the colonel be, plague on you both! And when you are shot 'twill be a fine satisfaction to think that your wife can console herself with the owner of the red cur, eh? What are you going to fight old Villiers about, I should like to know?"

"You do know," growled Sir Jasper. Then he exploded. "You good me, sir. Do I want to fight Villiers? Is not this business the merest fooling, sheer waste of time, when the real fellow—villain!—has eluded me?" His hold on the reins tightened, he laid on the whip, and the curlicue swayed as the horses leaped and plunged.

"Really," said Lord Markham, "I wish I had come in a coach."

"Hold on," cried Stafford. "Hold on,

Jasper. We don't all want to leave our bones in this business."

There came a pause in the conversation.

They bowed along a more level road with the wind humming in their ears and the rhythmic trot of the grays beating a tune. Then Stafford remarked vaguely:

"I have a notion there will be no duel today at Hammer's fields, Jasper; that you will be able to return with undiminished vigor to the hunt of the unknown culprit."

"How now?" cried Sir Jasper fiercely. "Have you heard from Villiers? Are they all rats nowadays? Verney first, then that Spicer, then the colonel? No, no; the fellow was mad with me, sir, and the offense was mine!"

"Nevertheless," said Stafford, unmoved, "I happen to know that Colonel Villiers' man was sent in all haste for his physician, Sir George Waters, at such an unconscionable hour this morning that Sir George dispatched the apothecary in his stead, and the apothecary found our fine eating colonel roaring in a fit of the most violent gout 'tis possible to imagine, so violent, indeed, that poor Mr. Wigginbotham was soundly beat by the colonel for not being Sir George. Villiers' foot is as large as a pumpkin, old Foulks tells me. I had it all from Foulks over a glass of water in the pump room this morning, and zooks, sir, his false teeth rattled in his head as he tried to describe to me the awful language Colonel Villiers was using. He's to be Villiers' second, you know, but he swore 'twas impossible, rank impossible, for any man to put such a foot to the ground."

They were rounding the corner of Hammer's fields as he spoke, and Stafford's eyes, roaming over the green expanse of grass, rested upon the little group drawn up toward the entrance gate.

"Unless," he went on, "the colonel comes upon crutches. No, zounds! Ha, ha! Jasper, I will always love you."

## HEPBURN MEASURE MAY BE IMPROVED

Interstate Commerce Commission Behind Move.

Difficulty in Constraining Some of the Provisions of the Interstate Commerce Act.

Washington, Sept. 17.—Representative Hephburn of Iowa and Senator Elkins of West Virginia are in Washington, and they met John Sharp Williams, minority leader of the house, during the lunch hour.

Senator Elkins is chairman of the senate committee on interstate commerce. Representative Hephburn is chairman of the house committee on interstate and foreign commerce. These are the committees from which the railroad rate bill was reported last winter. Mr. Williams, a Democratic leader, was a prominent factor in making the arrangement by which the rate bill was passed through the house with practically no opposition.

Col. Hephburn had a long conference with some of the members of the interstate commerce commission concerning certain possible changes in the interstate law. Asked about this conference later, Col. Hephburn admitted that it had taken place, and very frankly told its purpose.

"There will doubtless be some effort to improve the rate law at points where improvement seems needed," said he.

Some surprises will be occasioned by the practical announcement that already the interstate commission is asking changes in the new law. It is known, however, that some of its provisions have been difficult of construction. The railroads have asked the commission to tell them what these mean, and the commission has declined to take the responsibility.

"Go and ask your lawyers," has been the ultimatum of the commission. The fact that there is to be something like an administrative bill for further amendment of the rate law will give new importance to the coming short session.

Washington, Sept. 17.—The interstate commerce commission today rendered its decision on the petition of the Southern railway and other carriers operating in the territory east of the Mississippi river and south of the Ohio and Potomac rivers, for permission to equalize export rates on cotton, cottonseed and its products, and lumber, and there by make changes in their export rates on these commodities without the thirty days' notice required by the new rate law.

The commission holds that carriers may legally issue through bills of lading from the interior point of shipment to a foreign destination which specify the interest and rate to the port of export, even though no joint through rate is published.

The commission orders that "no published rates on cotton shall be advanced except upon thirty days' notice."

Enormous Value of Utilized Wastes.

"Thirty years ago for every ton of finished product turned out by our manufacturers there was from one to several hundred pounds of materials which were thrown away as waste. Not only was this so-called 'waste-material' considered valueless, but the disposition of it was often a source of considerable expense and annoyance to the manufacturers. Owing to the wonderful progress of chemical knowledge during the last quarter of a century, and the constant finding of new revelations and uses for substances of all kinds, a complete revolution has been wrought in nearly every branch of the manufacturing industry. Instead of this waste material being a source of expense to manufacturers, the experiments of chemists have shown how it can be converted into products which have a high marketable value, and it is no exaggeration to say that the value of products annually manufactured out of materials which thirty years ago were thrown away as waste today amounts to fully \$500,000,000—a sum equal to nearly seven times the annual production of gold in the United States."—Henry C. Nicholas in Moody's Magazine for August.

## READ AND YOU WILL LEARN

That the leading medical writers and teachers of all the several schools of practice endorse and recommend, in the strongest terms possible, each and every ingredient entering into the composition of Dr. Pierce's Golden Medical Discovery for the cure of weak stomach, dyspepsia, catarrh of stomach, "liver complaint," torpid liver, or biliousness, chronic bowel affections, and all catarrhal diseases of whatever region, name or nature. It is also a specific remedy for all such chronic or long standing cases of catarrhal affections and their results, as bronchitis, throat and lung diseases (except consumption) accompanied with severe coughs. It is not so good for acute colds and coughs, but for lingering, or chronic cases it is especially efficacious in producing perfect cures. It contains Black Cherry bark, Golden Seal root, Bloodroot, Stone root, Mandrake root and Queen's root—all of which are highly praised as remedies for all the above mentioned affections by such eminent medical writers and teachers as Prof. Bartholow, of Jefferson Med. College; Prof. Hays, of the Univ. of Pa.; Prof. Finley Ellingwood, M. D., of Bennett Med. College, Chicago; Prof. John King, M. D., late of Cincinnati; Prof. John M. Souder, M. D., late of Cincinnati; Prof. Edwin M. Hale, M. D., of Hahnemann Med. College, Chicago, and scores of others equally eminent in their several schools of practice.

The "Golden Medical Discovery" is the only medicine put up for sale through druggists for like purposes, that has any such professional endorsement—worth more than any number of ordinary testimonials. Open publicity of its formula on the bottle wrapper is the best possible guarantee of its merits. A glance at this formula will show that "Golden Medical Discovery" contains no poisonous or harmful agents and no alcohol—chemically pure, triple-refined glycerine being used instead. Glycerine is entirely unobjectionable and besides is a most useful ingredient in the cure of all stomach as well as bronchial, throat and lung affections. There is the highest medical authority for its use in all such cases. The "Discovery" is a concentrated glycerine extract of native medicinal roots and is safe and reliable.

A booklet of extracts from eminent medical authorities, endorsing its ingredients mailed free on request. Address Dr. B. V. Pierce, Buffalo, N. Y.

Thursday ..... Mohara's Minstrels  
Friday ..... Phantom Detective  
Saturday ..... Thoroughbred Tramp  
**PARK CASINO.**  
Vaudeville ..... All This Week  
Horse Show ..... October 1

**Moving Pictures.**  
It is the real merit that has made Lyman H. Howe's Lifeorama one of the most successful amusement institutions. Acting on the conviction that the public has been surfeited and bored by senseless and indifferently projected pictures with no set purpose, Mr. Howe has given his

Lifeorama a character all its own. In the new program, more than ever, he gives his audience scenes which not one in a thousand has ever seen before. It will be presented at The Kentucky theater tonight.

**Vaudeville at Casino.**  
Vaudeville and moving pictures will be the attraction at Wallace Park Casino all this week. Manager William Malone has taken advantage of the good weather and secured an excellent show, prolonging the season a few days.

**People and Plays.**  
Clyde Fitch's play founded on Mrs. Edith Wharton's novel, "The House of Mirth," will receive its premiere in Detroit tomorrow evening with Miss Fay Davis as Lily Bart.

Mr. Mansfield will restore the Rus-

sian play, "Rodion the Student," which he has not presented for a decade, to his repertory this season.

**Diversified Views.**  
Concerning Howe's pictures the Baltimore Sun says:  
The preliminary season of entertainment at Ford's opera house, anticipating by one week the regular theatrical season, beginning September 3, opened yesterday afternoon and night with the presentation by Mr. Lyman H. Howe of an interesting series of moving pictures. That "action speaks louder than words" is proved by the scenes depicted by Mr. Howe. These include events of international interest interspersed with little comedies and stories, all told without words, but told so graphically by action, natural sound and color as to render speech unnecessary. Science and mechanics combine to present such a realistic setting to the pictures as to make the program a wholly enjoyable one.

With Mr. Howe the audience witnessed all the enthusiasm, strain and struggle of intercollegiate water and land athletics, and there were especially enjoyable. Another fine series of pictures was some cavalry maneuvers of Italian officers. The swish of the water in all aquatic scenes

was reproduced exactly by mechanical device, as was also the trumeting of elephants pulling teak in Indian jungles and the roar of caged animals in a panorama of a British menagerie. The jungle pictures were especially delightful and instructive.

The marriage pageant of King Alfonso of Spain and Princess Ena of Battenberg, was picturesque in costume and scenic effect, and in strong contrast to this were outdoor views in Norway showing the national sport, ski jumping, with athletes upon snow skates shooting down terrifying snow precipices with many a tumble and somersault by the way.

The view of Mount Vesuvius showed the mountain in fiery eruption and with molten lava flowing down its sides, were among the finest pictures on the program.

### A Scientific Wonder.

The cures that stand to its credit make Bucklen's Arnica Salve a scientific wonder. It cured E. R. Mulford, lecturer for the Patrons of Husbandry, Waynesboro, Pa., of a distressing case of Piles. It heals the worst Burns, Sores, Boils, Ulcers, Cuts, Wounds, Chilblains and Salt Rheum. Only 25c at all druggists.

### AN OUNCE OF PREVENTION

Is worth a pound of cure. There are many poor sufferers, consumptives who are hopeless of getting well—who, if they had taken care of themselves, would now be well. A cough is the foundation of Consumption. Ballard's Horehound Syrup will cure that cough. Mrs. S., Great Falls, Mont., writes: "I have used Ballard's Horehound Syrup in my family for years—my children never suffer with coughs." Sold by all druggists.
